PATHE OFFICIALS HERE

FERDINAND ZECCA AND L. E. FRANCONI VISIT DIANDO GLENDALE STUDIO

Ferdinand Zecca and L. E. Franconi, two officials high up in the executive councils of the Pathe Company, arrived in Los Angeles last Saturday from New York City. Mr. Zecca is the personal representative of Charles Pathe and is a member of the Board of Directors and Director General of all Pathe productions both here and abroad. Mr. Franconi is production manager of Pathe Exchange.

Both officials are here for a period of two weeks and during that time will look over the various Pathe productions being made in Los Angeles.

These include productions being made at Diando, in Glendale, Rolin and their serials at Universal City.

As the result of their visit a new arrangement has been made with Diando which will mean a change of policy. Just how this new arrangement will affect the Glendale studio has not as yet been announced. It is rumored, however, that several more feature companies will be started working in the near future.

A six-reel Western picture called "Western Rose," recently completed by Diando, was purchased by Mr. Zecca for Pathe. The picture was made under the direction of Stuart Paton and included in the cast are George Larkin, Betty Compson, Frank Deshon and Claire DuBrey.

"THE YAGER"

"O wad some power the giftie gie us
To see oursels as ithers see us."

A desire we have all experienced at one time or another, if not about ourselves, about our surroundings. Now Glendale has a chance to see herself in the eyes of another, for has not Mr. Yager, the confectioner, been captivated and come to settle among us and build up a big business? He sees a great future for our city and its people and is planning accordingly. There is no reason, he declares, why we can not have here and now such a metropolitan candy store and tea room as for instance the "Chocolate Shop" of our big sister city, and he is undertaking to provide it, and building a lasting reputation by offering only the best of everything. His tea room is also a breakfast room and a lunch room, with both entrees and short orders. Renovation and decoration have already begun and will be continued until the interior realizes his ideal of beauty and comfort.

He has big faith in Glendale and if the big plans he has for her pleasure and convenience are realized, Glendale will have reason to congratulate herself. He will make a study of her tastes and as fast as he learns what she wants will provide it. Besides his regular catering he will specialize on party refreshments, picnic lunches and the like and claims he can furnish them cheaper than the retailer can buy and do the work personally. Mr. Yager is a genial man to meet and will make friends whether the officiates at the soda fountain or the cigar stand, for he caters to men and women alike and impartially.

LEVERETT GODDARD

Leverett Goddard, son of Mr. and Mrs. Clark Goddard of 617 West Park avenue and one of the first from our city to respond to the call for men in the Navy, like so many of our boys has been striving to make himself more efficient. He has just successfully completed a course (making a high average) in a government school for electrical training at Mare Island and is now wearing the "eagle." He has offered himself for submarine service.

THE BALLOON CAMP

More than 400 enlisted men and several officers have arrived by troop train at Camp Arcadia, from Kelly Field, Texas. They are Signal Corps men attached to the department of military aeronautics and will be trained for balloon work as are the troops now stationed at Arcadia. This contingent brings the total of soldiers at the army balloon camp to well above a thousand men and officers. When completed it is said the camp will be able to accommodate nearly 3000 men.

The Blanchard case which was to have had a hearing before Justice H. M. Miller Tuesday morning was dismissed on account of a defective complaint. A new complaint was filed and with the consent of all concerned the case was set for Judge Miller's court July 25th at 10 o'clock.

HOME OWNERSHIP

PRINCIPLE OF HOME OWNERSHIP AMERICAN. OWN YOUR OWN HOME CAMPAIGN ON

There is being inaugurated in Glendale a campaign for the purpose of encouraging home ownership. A number of years ago the great ambition of every young man was to become the owner of a piece of real estate and as circumstances would permit he would proceed to make substantial and judicious improvements on his property. For the past few years there has been a tendency to get away from the plan of home ownership, and to the discredit of our citizenship money is being spent for almost everything other than for the procuring of a home.

Money invested in real estate is money well invested, providing the investment is made wisely and does not go beyond the financial ability of the person making the purchase.

There is no residence property improved quite so well as that which is occupied by the owner. When the owner builds, expecting to occupy the completed residence himself, there is a live interest taken in the construction of the building, in the planting of trees and in the laying out of the grounds that does not exist when all improvements are made for a renter.

ECKLES FAMILY AT BEACH

Doctor J. E. Eckles and family, of 1125 North Central avenue, have taken a cottage for the summer at Santa Monica and expect to spend much of their time at the beach. They were there last week and entertained old friends from Long Beach. Mr. and Mrs. Howard Alston, and they are planning to again occupy the cottage next week. Dr. Eckles will go and come by auto.

Mrs. Eckles states that when last they heard from their son Merle, who is in a Motor Mechanics' Regiment which has been stationed at Camp Green in North Carolina, he was all packed ready for transfer to the fighting front across the water. Merle has been fortunate there as here in making friends and was practically adopted during his stay by a motherly woman who invited him to spend the week-ends when he had leave with her. She has written Mrs. Eckles, who is thankful he has been saved from the loneliness that assails so many soldier boys when far from home, and Merle is but nineteen. Merle is very much delighted with the South and the southern people, whose hospitality to the soldiers has been so generous.

GLENDALE CREDITABLY REPRESENTED

Mrs. Gertrude Follansbee of this city had an important place on the program given at the recital for the benefit of the Red Cross at the beautiful home of Mrs. Lillian Burkhardt Goldsmith on Kingsley drive. It was a large and important social affair and refreshments were served after the program. Mesdames Charles E. Norton, F. R. Frazer, A. R. Chappell and C. M. Van Dyke were guests of Mrs. Follansbee and are enthusiastic in their reports of the pleasant afternoon they spent and of the pride they felt in her contributions to the program on which some of the best talent in Los Angeles appeared.

WANT A WOODEN HORN

Mrs. C. M. Turck of 521 North Glendale avenue, Tropicana district, and whose Sunset phone number is 1179, says a group of about twenty soldier boys stationed at San Pedro has informed her that they have a phonograph and records, but need a wooden horn that the musical combination may be complete. Any one who has a wooden phonograph horn that they are willing to loan to the boys should communicate with Mrs. Turck.

HOW COULD THEY FIGHT WITHOUT "THE SCORE"?

(By United Press)

LONDON, July 10.—Baseball scores and the latest news from the states are being supplied to American soldiers and sailors in every corner of England and Scotland by United Press bulletins, through the Y. M. C. A.

One of the most harrowing features of life in the Isles for many Americans has been the lack of news that is news. The American boys have complained that their British cousins have no idea of the value of freshness in news. The want is supplied now by a daily telegraphic condensed news service, furnished to the boys without cost.

TELEGRAPH NEWS ON PAGE 2

CANDIDATES FILE PETITIONS

SACRAMENTO, Cal., July 10.—There will be plenty of candidates for seats in the state senate and assembly at the state primary election in August, judging from the way in which nomination petitions and affidavits are being received by Secretary of State Jordan.

Among the candidates who have thus far filed petitions or affidavits are:

Frank P. Jordan, republican incumbent, secretary of state; Charles F. Curry, republican incumbent, congress third district; Benj. Levy, republican and democrat, assembly, 29th district; Wm. J. Martin, of Salinas City, democrat incumbent, assembly, 48th district; A. L. Johnson of Modesto, republican for assembly 46th district; Harry O. Watson, Richmond, republican for assembly, 18th district; H. H. Yonkin, Los Angeles republican, for senate, 38th district; F. C. Hawes, San Francisco, republican incumbent, assembly 38th district; Leo R. Friedman, San Francisco, republican for assembly 33rd district; E. P. Bromley, Los Angeles, republican for assembly 73rd district; Wm. B. Shearer, Yreka, democrat incumbent, senate 2nd district.

Thos. J. Lennon, San Rafael, state supreme court; Frank W. Anderson, republican incumbent, assembly 39th district; Richard Lloyd, Alameda, republican for assembly, 40th district; M. B. Johnson, Montara, republican for Congress, 8th district; R. E. Collins, Redding, republican incumbent, board of equalization, 3rd district; Harry Polley, Red Bluff, republican democratic incumbent, assembly 5th district; Wm. Greenwood, Los Angeles, republican, assembly, 74th district; Joseph L. Pedrotti, Los Angeles, republican, assembly 65th district; H. A. Bauer, San Mateo, republican, assembly, 42nd district.

SEES HIS KIDDIES BEYOND HUN-LINE

By Frank J. Taylor
(United Press Staff Correspondent)

WITH THE AMERICAN ARMY IN FRANCE, June 16. (By Mail)—At a certain point in a sector taken over by the Americans, observation posts overlook miles of territory behind the German lines.

When the Americans took over the sector the French loaned a number of their observers to train the newly arrived Americans. One man the French said was especially good, because he knew every inch of the German territory under observation.

He had lived over the line before the war, and his family was still there. This man had escaped to France to join the army when war broke out. From the observation position he could see on real clear days his home over the line, and with the aid of glasses he watched his wife and two little "kiddies" when they were outside their home.

In good weather he saw them three or four days out of the week, but in bad weather he was fortunate if he saw them once a week. It was tantalizing to see his children grow up when he could not reach them, yet he was grateful for the chance to look at them.

One day shortly after the Americans came, this man was broken-hearted. He had seen his wife and the children board a train. For two days he was almost without hope.

Then one of the Americans he had been training suddenly shouted one day, "There they are. They're back." The Yankee was almost as excited as the Frenchman.

This man doesn't measure time by "the end of the war," as most people do. With him it is "until the Americans drive the Germans beyond my home over there." For him that will be heaven.

He says there will be no end of the war on Germany for him. For the hours of agony the Germans have given him will never allow him to be at peace with a German. Furthermore, a ransom is on him for an uprising he started before he escaped to France. The Americans will try to keep him at his observation post until him home and family is won in advance.

Miss Rose Virden of Mira Loma avenue has just returned from the Ojai country, where she spent her vacation with an old school chum, Miss Marian Grown. Miss Ione Virden is now visiting at the Patterson ranch in Ventura county. The Virdens formerly resided in Santa Paula and have many friends up there.

MUST USE SUGAR CARDS

SAN FRANCISCO, July 10.—California's bakers, grocers, restaurants and hotels went on a sugar card basis today.

Under orders from the food administration beginning today wholesalers will not sell sugar to retailers, bakers, or public eating places, excepting on presentation of the sugar cards issued by the food administration. These cards entitle the holder to buy seventeen per cent of the quantity of sugar used last year in cases of the retail dealers and bakers while public eating places are restricted to three pounds per person per month of 90 meals. Figures on last year's business furnish the basis.

At the same time grocers are required to keep account of sugar purchases by their customers and enforce the ruling setting 2 pounds in cities and five pounds in rural districts as the limit for single purchases by individuals.

Already the sugar bowls have disappeared from the tables of many restaurants and hotels and in their places envelopes containing the sugar ration for the guest, are furnished diners.

GOVERNMENT POLICY IN ROAD MAKING

The Department of Agriculture issues the following:

Governmental agencies dealing with highway problems fully recognize the vital military and economic importance of the country's roads, according to a letter from Secretary of Agriculture Houston to Arthur H. Fleming, chief of the State councils section, Council of National Defense.

The Secretary, whose department administers the Federal aid road act, stated also that the Government recognizes that it is necessary to construct, reconstruct, or maintain roads essential for military and vital economic purposes and to defer action on roads not of this class; and that it is desirable, wherever possible, to use local materials for road building and maintenance in order to relieve railroad traffic.

Important highways, as described in the Secretary's letter, include only those utilized, or to be utilized, by the military establishment, those which carry a considerable volume of materials and supplies essential to war industries and those which have a bearing on the production and distribution of food supplies, connecting population and shipping centers with surrounding agricultural areas.

Attention is called to the formation of the United States Highways Council. This body was suggested by the Secretary to co-ordinate Federal agencies interested in highway problems. The council is made up of a representative each from the Department of Agriculture, the War Department, the Railroad Administration, the Fuel Administration and the War Industries Boards. It will form a unified agency for dealing, on behalf of the Federal Government, with highway construction, maintenance, and policies.

THEY ALSO SERVE WHO ONLY STAND AND SALUTE

(By United Press)

WASHINGTON, July 10.—It may be quite an event in the young life of a private to be assigned to guard duty around the White House.

But it has its disadvantages.

There's this saluting thing.

When an officer passes a soldier on guard, the private must stop in his tracks, face his superior, and bring his rifle to "present arms."

Of course that isn't hard work just now and then.

But when officers from the neighboring war department pass almost in a steady stream, it keeps said private busy saluting.

So, guarding the President may be some honor, but it's also some work.

MATTER OF GREAT PITH AND MOMENT TO THE FORE

(By United Press)

WASHINGTON, July 10.—And it came to pass that congress, investigating right and left in executive departments of the government, and criticising officials right heartily, paused one day to investigate, with solemn mien and deep deliberation—the reason why the Congressional Record isn't reaching subscribers on time, and to determine some way of printing addresses on the labels so they will not become illegible.

PLAYGROUND ACTIVITY

MRS. ANNIE CURTIS WILL SUPERVISE CHILDREN SIX AFTERNOONS A WEEK

John A. Logan and Mrs. E. V. Bacon, commissioners for the Municipal Playground at the Magnolia school on San Fernando road, have appointed Mrs. Annie Curtis supervisor of that playground, which will be open six afternoons in the week. In addition to supervising the play, Mrs. Curtis will direct Junior Red Cross with the assistance of the mothers of the girls, who are urged to come with their daughters.

If there is a sufficient demand, W. D. Harkness, Playground Director at the Intermediate school, will direct Sloyd work in the Manual Arts Department of the Cerritos school Tuesday and Thursday afternoons. Parents who wish their children to do this work should communicate with Mr. Harkness or Mrs. Curtis without delay. It will be a splendid opportunity for boys not otherwise employed to perfect their knowledge of the use of tools and acquire skill in woodworking.

A NEAR VICTORY

Not always can the bowlers of the Glendale Elks bear the banner of victory. Occasionally they need a little defeat to enable them to maintain a properly modest bearing and keep them from over confidence. In a very close game played by the local team with the team of the Long Beach organization, which was played on the local alley Tuesday evening, Glendale lost by a narrow margin, the score running as follows:

	Glendale	Long Beach
1st	2nd	3rd
Tot.	152 168 188	508 169 1-3
Ward	152 168 188	508 169 1-3
Stone	137 128 137	402 134
Fortunato	175 173 129	477 159
Viola	146 145 170	451 150 1-3
Hrnshaw	187 181 193	561 187
Totals	797 795 817	2409
Team Average	160 9-15

A SLACKER GARDEN

Now when we are reading up authoritatively on California vegetable gardening and doing our level best in that line to help solve the nation's food problem, it is exasperating to see an old guy set at naught all such help and advice and waste a good piece of land. The first thing that caught my eye was the moving of volunteer potatoes last winter into rows on unplowed land. They sprung from small rejected seed and I wondered why a full-grown man would waste time on them. Then he planted corn with the hoe on land not plowed or spaded, hills haphazard, seven or eight grains to a hill. Other people planted corn in rows on

GLENDALE, CALIFORNIA, WEDNESDAY, JULY 10, 1918

POWER BEHIND THE NATION

In an address before the editorial convention held in the east it was shown that sixty per cent of the American people are served by the country papers and smaller dailies.

The smaller newspapers constitute the real driving force and police power of sixty million of the American people—more than half the people of the United States read the smaller newspapers.

The farmers, the men and women who feed the nation, and a great part of the rest of the world,—the thinking influential Americans who do not live in the big cities read the country weekly and the small town dailies.

While the city dwellers in flats and apartments spend their money on canned goods and picture shows, the readers of the country papers are the great buying class, from farm tractors to jewelry.

The advertising value and the political power of the smaller newspapers is not yet fully understood by the great business interests and statesmanship of the nation, and still less appreciated.—South Pasadena Courier.

BE A SOLDIER

California has sent a host of fine clean lads to our army and navy. Some are in the front line trenches now and they all will have had their turn within the next few months.

There is a great army of young patriots left in California, ready to line up as a strong reserve in the second line trenches. Every army has to have its reserves—reserves of men, reserves of food, reserves of ammunition. Every child in the public schools in California can be a food soldier. He can stand in line, shoulder to shoulder with all the others, with firm intent to produce food and to conserve food, so that the reserve of food for their big brothers and their fathers in the front line trenches will be always ready in France when needed.

The country has had cause to be glad that so many of its young people have already received instruction in conservation of food and clothing and loyalty of act and thought. A great deal has been done, but it is undoubtedly true that a great deal more can be done, and if every person acts as an able and aggressive officer in this army of the second line, there is no reason why wonderful California with its wheat and its fruit, should not lead the Union in increase of production and conservation, and decrease of consumption. Is the cause not great enough? Is the result not worth while? The food administration looks to you for support and loyalty.

CAN YOU AFFORD AN EXTRA SWEATER NOW?

That civilians should use no more wool in the making of sweaters or other garments than is absolutely necessary to maintain the body in a healthy condition is the advice contained in dispatches sent from Washington. Now that some knitters who have been patriotically engaged working for the soldiers are taking a rest during the vacation period the remark is frequently heard that they will now proceed to knit themselves a sweater or other woolen article of wearing apparel.

A campaign to conserve the wool now in the retail market has been instituted by many women's organizations, among them the Minnesota women's committee of the commission of public safety and council of national defense. This group of women issued the following estimates arranged by Miss Marian Weller, chairman of the commission on war dress, a professor of the University of Minnesota:

"A soldier uses thirteen times as much wool as a civilian. It requires 106 pounds to equip a soldier fully."

"No fibre will replace wool. The soldier's uniform to be of the greatest service must be all wool of the best grade. The civilian can use a substitute in many places."

"Can you afford an extra sweater now?" is the appeal made by the New Jersey division.

THE BANK IS SOLVENT

The United States Food Administration is the food bank of the nation. In commercial affairs you put your money in the bank knowing that the multiplication of many small accounts gives stability and makes possible larger transactions in the world of business than could be handled with any small fund. No depositor expects to see money all of the time. It is sufficient to know that the money is in good hands, in other words, that the bank is solvent. Wheat is in very much the same situation as money today. Large transactions are necessary if the world war is to be fought to a successful conclusion for ourselves and the allies, and yet these large transactions must be based upon the multiplied savings of millions of people. Each one can deposit in the general store only a small amount. What is very important is for every saver of wheat to know that the Food Administration is protecting his interests, that sufficient reserves will always be kept to guarantee the support of American citizens. This knowledge begets confidence and confidence eliminates hoarding and "runs" on the bank. The Food Administration is your food bank and it is solvent.

ALL FOR THE WINNING OF THE WAR

If worthy of citizenship in a free country, no man or woman will dissipate our man power and economic resources through purchase of things to merely gratify tastes or appearances. All purchases should be governed by this one dominant thought, "Will they in any manner retard the winning of the war?"—Samuel Gompers.

Yesterday is dead—forget it. Tomorrow does not exist—don't worry. Today is here—use it.

JUDGE SUSTAINS INJUNCTION IN P. E. CASE

HOLDS THAT BROTHERHOOD IS A THIRD PARTY ATTEMPTING TO INTERFERE WITH POLICY OF COMPANY

(Special Service to Glendale Evening News)

LOS ANGELES, July 10.—Federal Judge Bledsoe today denied the motion of the Brotherhood of Railway Trainmen to dissolve the temporary injunction restraining the men from carrying out a strike on the Pacific Electric line. In his decision he classed the organization a third party attempting to interfere with the fixed policy of the Pacific Electric in dealing with its men.

Judge Bledsoe held that the recognition of the union was the only question at issue and insisted on the company's right to resist interference from an outside party whose sole purpose was admittedly the recognition of the Brotherhood.

"I believe the present is an unfortunate time for the defendants to assert their rights to organize. I regard any tendency to interfere with shipbuilding at this time as a menace."

Over a hundred car men were in the court room when the decision was given. They left without making any demonstration. The leaders made no statement, evidently pinning their hopes to their efforts to have the controversy settled through the war board.

TWENTY-ONE KILLED IN ACTION

J. R. REINICHE OF LOS ANGELES RECORDED AS MISSING IN TODAY'S CASUALTY LIST

(Special Service to Glendale Evening News)

WASHINGTON, July 10.—Today's casualty list includes the names of twenty-one killed in action, including H. J. Alman of Lamar, Cal., fifteen deaths from wounds, four deaths from disease, three accidental deaths, forty-five severely wounded, including Captain J. F. Williamson of Sebastopol, twelve missing, including J. R. Reiniche of Los Angeles.

PLOT TO KILL GERMAN MILITARY HEADS

ASSASSINATION OF MIRBACH ONLY FIRST STEP IN CONSPIRACY OF RUSSIAN TERRORISTS

(Special Service to Glendale Evening News)

(By Joseph Shaplin, United Press Staff Correspondent)
STOCKHOLM, July 10.—The assassination of German Ambassador Mirbach was only the first step in a plot of Russian terrorists against German military heads. Before I left Petrograd I heard of a plot to kill Mirbach and to send terrorists to Germany to kill the Kaiser, von Hindenburg, Ludendorff and von Kuhlmann. The story seemed wildly improbable to me at that time. The Social Revolutionaries were implicated in the plot, since their discovery of a definite alliance between the Bolsheviks and Germany. A union of all anti-Bolshevik parties is to be expected now.

ACTIVITY NEAR VILLERS-BRETONEAU

ENEMY ATTACKS ARE REPelled—NIGHT OPERATIONS ADVANCE BRITISH LINE NEAR MERRIS

(Special Service to Glendale Evening News)

LONDON, July 10.—Enemy attacks east of Villers-Bretoneau preceded by artillery activity were repelled. Following this enemy artillery this morning opened a bombardment on a ten-mile front between Villers-Bretoneau and the Ancre river. Night operations advanced the British lines near Merris, where a number of prisoners and machine guns were taken.

VON HEINZ MAY BE FOREIGN MINISTER

VON KUHLMANN'S RESIGNATION HAS BEEN ACCEPTED BY KAISER IT IS REPORTED

(Special Service to Glendale Evening News)

LONDON, July 10.—Foreign Minister von Kuhlmann's resignation has been accepted by the Kaiser, it is reported. If true, this is a Pan-German victory, as Admiral von Heinz, reported as his successor, is close to the Kaiser and a supporter of von Tirpitz and Belgian annexation.

It is felt here that a Pan-German foreign minister would be better for the allies than making peace offers likely to encourage allied pacifists.

Heinz is one of the German masters of intrigue. He was implicated with the Mexican minister in a plot to ship arms to Huerta in spite of the American embargo. He was also Chinese minister until two years ago. He is conversant with American affairs. He was involved in a plan to smuggle bombs from Norway to Pro-Germans in the United States.

SUBMARINE ATTACKS STEAMER

AMERICAN VESSEL ARRIVING AT AMERICAN PORT FROM CHILI REPORTS ESCAPE FROM DIVER

(Special Service to Glendale Evening News)

NEW YORK, July 10.—An American steamer from Chili with eighty-five passengers and a cargo of nitrates reports she was attacked by a submarine 300 miles off Cape Henry Monday night. Two torpedoes were fired, narrowly missing the steamer, which speeded up and escaped harm. The vessel was unarmed.

AMERICANS EXPECT OFFENSIVE

GENERAL PERSHING REPORTS CONTINUED CONCENTRATION OF ENEMY TROOPS OPPOSITE U. S. POSITIONS

(Special Service to Glendale Evening News)

WASHINGTON, July 10.—General Pershing reports that excessive troop movements continue in the German area opposite the American trenches. Increasing aerial activity further points to the possibility of a German drive against American positions.

NOTICE CALLING FOR BIDS

The Board of Trustees of the Glen
dale City School District will receive
bids on materials and supplies to be
furnished and on work to be done,
on the second Thursday of each cal-
endar month from July 1, 1918, to
July 1, 1919, inclusive.

Such bids must be delivered at the
office of the Board at the Third St.
School not later than 5 o'clock p. m.
on the day when they are to be
opened. Lists of materials and sup-
plies to be furnished and of work to
be done will be available at the office
of the Board on and after the first
Thursday of each calendar month.

BOARD OF TRUSTEES,
GLENDALE CITY SCHOOLS.

morning and night. All cows tuber-
culin tested. Garvanza 1121; Glen-
dale 306. C. C. Miller. 193tf

WEATHER FORECAST—Fair to-
night and Thursday. Light north-
westerly winds.

Personals

Oliver Logan, the merchant of
Casa Verdugo, has been quite ill but
is now able to be out.

Mrs. Hattie Howlett, who has been
residing at 1469 Pioneer drive, has
moved to 1230 Arden avenue.

Prof. Harry Howe is hard at work
on his Coachella Valley ranch plant-
ing beans and will probably be away
for several weeks.

Lieutenant O. D. Keese of Fort
McArthur was a week-end guest at the
home of G. B. Woodberry, 419 South
Glendale avenue.

Mrs. Louise Blackman of 1550
Burchett street entertained at dinner
Saturday evening, an out-of-town
guest being Miss Lila M. Cole of Los
Angeles.

In this issue of the Evening News
is a two-page announcement of the
mammoth closing-out sale of the
Horton Shoe Store, located just
south of the Palace Grand Theatre.

Mr. and Mrs. Roy G. Pierce, who
are the parents of a fine ten-pound
boy, are residents of Carrollton, Mo.
They have many friends here who
feel great interest in the new boy.

The Surgical Dressings Department
of the Glendale Red Cross Chapter
will be open all day Thursday. There
is work for all who will come and it
is hoped that many will appear for
service.

Mr. and Mrs. J. H. Mellish motored
to San Bernardino Sunday. They
had a lovely ride and enjoyed the
trip but O my! it was hot, and they
were exceedingly glad to get back to
Glendale.

Newcomers are Mr. and Mrs. C. B.
Steele, not long from Cleveland, Ohio,
who are just getting settled at 222
Chestnut street. Mr. Steele is the
new manager of the Symphony Theatre
in Los Angeles.

Edward M. Lee and family have
leased a cottage at Santa Monica,
where they will spend several weeks.
Mr. Lee will motor back and forth
daily while his family are there.

Paul Rider, son of Rev. and Mrs.
O. P. Rider, is again able to sleep
at home. He is taking a course at
U. S. C. to fit him for special army
service and goes and comes home
every day.

Miss Carol Williford spent a part
of last week in Long Beach as the
guest of her friend Miss Hortense
Bright. She returned to Los Angeles
Saturday to attend a very jolly
reunion of Pomona College girls.

The City Police Department re-
ports very quiet times. Chief Herald
is having a day off at the beach. The
only excitement yesterday was a lost
cow, which was speedily found, and
a lost baby who was almost immedi-
ately restored to the anxious parents.

Justice H. M. Miller is quite fre-
quently called upon to make two people
happy. Yesterday he performed
this pleasant service for Lourenze
Elbbe and Blanche Leihl, both of Los
Angeles, who returned to the city im-
mediately after the ceremony, which
took place about four o'clock.

The Woman's Auxiliary of the
Glendale Congregational Church will
assemble at the church for an all-day
meeting Thursday at ten o'clock.
Sewing for Belgian Relief prepared
by the Junior Red Cross will be pro-
vided for the needwomen who are
asked to bring a box luncheon.

Peter Ferry of Acacia avenue has
the contract to supply teams and
equipment for big improvement work
which is being done at Arcadia Bal-
loon Camp. He will be kept busy
superintending the work for several
months and will go back and forth
between the camp and his home by
auto.

C. A. Redmond of 1431 West
Fifth street has just returned from
a trip to escort Elks officials who are
on their way to the big annual con-
vention which is to be held this year
at Atlanta, Georgia. Mr. Redmond
went as far as North Platte, Ne-
braska, where he visited relatives
and had a very pleasant outing.

Quite a big picnic in which a num-
ber of families in the south part of
the city united was enjoyed last week
at Santa Monica, where a picnic sup-
per was served and a general good
time experienced. In the party were
H. W. Dionysius and family, the Mer-
ritt, Ashton, Thedaker and Adams
families.

Mrs. L. N. Hagood, Curator of the
Music Section of the Tuesday Club,
and Mrs. L. N. Whiting attended the
Community Song Service at the Hol-
lywood High School Tuesday even-
ing. The Community Song associa-
tion has been asked to participate in
the program to be given before the
Music Teachers' Convention Friday
evening at Exposition Park. The la-
dies mentioned hope later to be able
to organize community singing here,
with the help of the Hollywood di-
rector, who has volunteered his ser-
vices.

Dated July 8, 1918.

ATKINSON-DENNY WEDDING

Tuesday, at the residence of Mr.
and Mrs. George W. Sanford in Sycamore
Canyon, Mrs. Ada Atkinson was
married to Joseph L. Denny by Rev.
C. R. Norton of this city. Mrs. At-
kinson has been the guest of Mrs.
Sanford for the past few months. No
one was present at the marriage but
the members of Mrs. Sanford's family.

The house was beautifully decorated
with wild flowers and the bride
was charmingly gowned in a gray
tailored suit.

Mr. and Mrs. Denny are well
known in Glendale and will be at
home to their many friends August
first at their home at 419 South Ver-
dugo road.

MR. FRY TRANSFERRED

H. Edgar Fry of 233 Cerritos avenue,
who is in Y. M. C. A. work, has
been transferred from San Pedro,
where he was at work among the
boys of the Submarine Service, to
Camp Kearny at San Diego, where
he is with the army. There are five
Y. M. C. A. buildings there and the
work is much more extensive and
highly developed than at San Pedro.
He is enjoying the change very much,
but it is not so agreeable to Mrs. Fry
because he is not able to come home
so frequently as he did while at San
Pedro. Mrs. Fry has just returned
from spending a week at the Tent
City in San Diego, and greatly en-
joyed her visits to Camp Kearny.

MAKING FOOD FROM WASTE

Keep this thought in mind in consider-
ing the growing of more poultry as a
war necessity: Poultry is a means of
converting into good food materials
that can not be utilized by man, that
can not be eaten by any other kinds of
stock, and that without the poultry would
be absolute waste. Very clearly it becomes a
national as well as an individual duty
to keep enough poultry to take up all
such waste materials. As long as
fowls take the bulk of their feed from
such sources and require to be fed
on grain or other garnered feeds only
as a finishing process, additional food
is being created.

THE BUDWAY BOYS

Mrs. F. A. Budway of 1432 West
Fifth street has received a card an-
nouncing the safe arrival overseas of
her son, Arthur J. Budway, who left
recently with the ammunition train
forces for France. His brother,
Frank E. Budway, who was in an
army school at Jacksonville, Florida,
completed his course successfully and
returned to the Pacific Coast last
week, spending Saturday and Sunday
with his family in this city. He is
now stationed at the Lower Reservation
at San Pedro, awaiting further
orders.

DINNER PARTY FOR SOLDIERS

Mr. and Mrs. Walter W. Jones,
1506 Vine street, entertained four
of the boys from the rifle range at
a delicious chicken dinner last Fri-
day evening. After the dinner, which
was thoroughly enjoyed by the boys,
the evening was spent in singing and
in discussing camp life. The young
men reluctantly took their leave at
a late hour, after spending a deligh-
table evening and were driven
back to the range in the Jones' car.
The soldiers who enjoyed the hos-
pitality of the Jones' were Corp. C.
L. Judson, Corp. F. W. Northcott,
Private Harry A. Lowe and Bugler
Robert Elsinger, all of Company D.
Mrs. Jones was assisted in making
the evening pleasant for the boys by
her mother, Mrs. Emma Batz, and
her niece, Miss Irene Jones. These
same young men were entertained by
Mr. and Mrs. Jones on Saturday
evening a week ago, and are a splen-
did, clean bunch of boys.

Mr. and Mrs. Jones have given
generously of their time to entertain
the boys in all four companies, A, B,
C and D, during their stay at the
rifle range, and their efforts have al-
ways been appreciated by the sol-
diers who have visited with them.

NOTICE TO CREDITORS

No. 38981
Estate of Lizzie Cunningham, deceased.
Notice is hereby given by the un-
der-signed Administratrix of the Es-
tate of Lizzie Cunningham, deceased,
to the Creditors of, and all persons
having claims against the said de-
ceased, to exhibit them with the nec-
essary vouchers, within 4 months af-
ter the first publication of this notice,
to the said Administratrix at the of-
fice of James F. McBryde, Esq., 814
Trust and Savings Bldg., City of Los
Angeles, County of Los Angeles, State
of California, which said office the
undersigned selects as a place of
business in all matters connected

DEATH OF CHARLES E. RICH

After a lingering and painful ill-
ness, Charles E. Rich passed away
very peacefully at the age of 63
years at his home at 512 Boynton
avenue Tuesday evening, July 9,
1918, at ten o'clock. He and Mrs.
Rich had several times been visitors
in the city in recent years and finally
purchased the home where he died
in the hope that he would be restored
to health and live long to enjoy it,
but it was not to be. They came here
from Denver, Colorado, where he
lived for many years and where he
left many friends. He was the lov-
ing husband of Emily B. Rich, who
is comforted in the midst of her grief
by the thought that he is now free
from suffering. Three children are
left to mourn the loss of a father,
William H., Charles E., Jr., and Mary
E. Rich.

Services will be conducted by offi-
cials of the Masonic Order, of which
he was a member for twenty-five
years, and Rev. B. C. Cory, pastor of
the Tropico Methodist Church, and
Dr. Lampert of Los Angeles will par-
ticipate. They will take place Thurs-
day afternoon at three o'clock in the
Little Church of the Flowers in For-
est Lawn Memorial Park, where in-
terment will be made, Sovern, Letton &
Frey having charge.

GRANDMA LUCAS A PATRIOT

Mrs. P. O. Lucas, of Riverdale
drive, and her two children are en-
joying a summer at her old home in
London, Tennessee, with friends they
have not seen in some time. They do
not expect to return until school
opens in the fall. Grandma Lucas
considered accompanying them, as
she has two children there and a host
of friends with whom she could have
a delightful visit, but she is a thor-
ough patriot and finally decided it
was her duty to let the government
have the use of the money she would
spend in making the trip and so has
invested it in a government bond and
in thrift stamps, and is spending the
summer here with the doctor.

L. B. Fitzgerald of 803 South Ad-
ams street, formerly of Portland, Oregon,
who has been residing in this
city for about fifteen years, with his
family is about to return to Port-
land, in the expectation that it will
benefit the health of Mrs. Fitzgerald.
Mr. Fitzgerald is a brother of Mrs.
Frank Dow of 417 South Isabel
street, who will miss her relatives
greatly.

Administration

What is the United States Food
Administration?

A government organization cre-
ated as a war measure to meet all
food problems, national and interna-
tional.

How was it created?

Congress gave the President power
to create it by executive order.

When was it created?

August 10, 1917.

What work was begun before this

date?

On May 17, 1917, the President
requested Herbert Hoover to take
over the proposed task of food ad-
ministration, and on June 12, 1917,
he urged Hoover to begin assembling
the voluntary forces of the country
to save food.

What is the purpose of the Food
Administration?

(a) To secure sufficient food for
our civilian population, for our sol-
diers, for the soldiers and civilians
of our associates in the war.

(b) To maintain an even supply
of essential foods.

(c) To stabilize prices by abol-
ishing speculation, hoarding, and
profiteering.

What does the Food Administra-
tion ask of the American people?

To save wheat; to save meat; to
save sugar; to save fats; to save
transportation; to eliminate waste;
to substitute other foods for those
we are asked to save; to eat only as
much as we need.

How can these things be accom-
plished?

By increased production, proper
distribution, control of exports and
checking of speculation; but chiefly
by the voluntary effort of every man,
woman and child in the United
States.

Is the entire work of the Food Ad-
ministration done from the central
office in Washington?

No. Every state has its own Fed-
eral Food Administrator recommended
by Mr. Hoover and appointed by
the President.

HORTON QUILTS

THE ENTIRE well known stock of the **Horton Shoe Store** is to be closed out in the shortest possible time. Other interests force Mr. Horton to concentrate his efforts in a different direction, hence he must dispose of this superb and elegant shoe stock, in a hurried and record breaking **Close Out Sale**. Not having the time to handle the proposition himself, he has turned the entire stock over to his manager, who is very capable of serving your many wants. The manager has the absolute authority to sell this wonderful line of shoes at any price he sees fit in order to turn it into cash at once. The saying that necessity is lawless holds good in this case and he expects there will be a big loss to shoulder in disposing of this stock for he realizes that nothing but real and genuine bargains will make the people buy. **Glendale** has had sales before, but nothing like this will be for it is a genuine bona-fide **Quitting Business Sale**.

It's a Case of Sell the Stock, No Matter How Serious the Loss

Store Closed--Wednesday

Law demands and compels me not to use misleading advertising. It is the old fashioned way of doing business that should impress us all. We have handled that appeals mostly to the average person. We have given up the idea of making a profit about the sacrifice in prices. This great shoe ever gave you all a chance to replenish your footwear in the sense that nature endowed you with, and let me assure you that we have done our best to do this upon the judgment of the people. Time does not permit us to go into detail, but we have given you a good treatment that the people want, and just what they expect.

HORTON QUILTS

Good Bye Glendale-- We are indeed sorry to quit, but we must. This is a sale with a reason and a purpose, justified beyond a doubt. Nothing will be reserved--every pair of shoes in this entire stock will be sold at prices never before heard of for such dependable merchandise. We realize that price is the mighty power that will turn this stock out, and we wish to say right here and now, that this sale places before you an opportunity that deserves your serious consideration. All restrictions are cast aside as we are closing out everything. If you don't attend this sale and stock up with shoes for every member of your family for some time to come, with every spare dollar you can lay your hands on, you will regret it all your life, for each week brings an advance in prices in all lines of merchandise. A month or two from now you will pay twice as much for the same shoes. There will be no let up to this sacrifice until every pair of shoes on the shelves are gone. **Remember**--this is not a sale for a day or a week, but until everything is sold.

In closing out this stock, Mr. Horton "says" that the Kaiser is the only person in this world that will not be permitted to take advantage of this tremendous opportunity to save money.

Read the advertisements of the local merchants in the Evening News every day. Then judge for yourself if it is necessary for you to spend your money away from the city you call home.

EVENING NEWS ADVERTISING WILL TELL YOU WHERE TO GET THE MOST FOR YOUR MONEY.

LA CANADA

The attendance and reception of the picture "Over There" was very gratifying to the committee. At the next picture "The Apple Tree Girl," produced by Thomas A. Edison, Inc., it is to be hoped that the attendance will be even greater. This picture portrays events that might have taken place in our own town. Shirley Mason, who takes the part of Charlotte Martin, "The Apple Tree Girl," discovers very early that living is a problem and so plans her cruise on the sea of life much as a mariner

lays out his course across the ocean.

Born in an old New England farm house in the shadow of a legendary apple tree, she is left an orphan when she is only fifteen. Her inheritance, besides the rocky hillside farm and shares in a local dairy, is the gift of a poetic imagination. Charlotte's aunt in a neighboring town takes her to live with her and she starts to high school with her cousin Margaret, who is shallow, pretty, conceited and spoiled. Margaret has curly hair, Charlotte's is straight. Margaret has many fluffy clothes, Charlotte's are simple and

COTTAGE CHEESE LUNCHEON REPEATED

When the Department of Agriculture opened the national campaign to encourage the production and use of cottage cheese, officials of the department and of the Food Administration were guests at a luncheon at the Dairy Division in which every dish had cottage cheese as a basis. The cottage-cheese menu used at that time was repeated recently by the Rotary Club of Springfield, Mass., with the assistance of representatives

unassuming. Margaret is the belle of the class and Charlotte has attention only from Neil Kennedy, one of the poorest boys in town. In only one thing does Charlotte excel: she passes all examinations with honors while Margaret barely gets through. Nevertheless Margaret is written up in the local papers on graduation day and Charlotte is barely mentioned. However, she sets out to answer three questions: 1. How can I make everybody like me? 2. How can I make myself famous? 3. How can I marry a millionaire? When the dairy from which she derives her little income fails, she returns to the old farm to live while she teaches school in the village of Marlin Mills. Here beneath the old apple tree she works out her problems. She makes everyone like her, by the simple expedient of liking everyone else. The career of a country school teacher not offering any opportunity for fame, she resolves to be the national woman golf champion. All her spare time is spent practicing with the clubs and the elusive white ball until this is accomplished. Now for the millionaire! There are several in the New London Golf Club, but the one who appeals most strongly to her has never sought an introduction. This slight difficulty is overcome by hitting him on the head with a golf ball. When he recovers, he promptly falls in love with Charlotte but he does not improve upon acquaintance and in the end it is the schoolboy lover, Neil Kennedy, now a prosperous young doctor, who wins Charlotte's love and her hand. This story is full of action, love, interest and humor. Shirley Mason is, as always, versatile and charming and Roy McKee ably supports her throughout the play. Remember the date, July 19th. A three-reel comedy, "Dog in the Manger," will also be shown, making an eight-reel program. Future bookings are: August 2, "Little Red Decides," also a comedy; August 16, "Skinner's Dress Suit" with a comedy. Mention must be made at this time that commencing with the August program the Mutual weekly news, "Screen Telegrams," will be shown at every entertainment. This news series is the same as that presented at Grauman's Theatre, Los Angeles. This feature puts La Canada pictures on an up-to-the-minute basis. It is the endeavor of the committee to add additional items of interest whenever possible. So that if the good people of La Canada will only bear in mind the picture shows every two weeks at La Canada school house and be on hand with fifteen cents or a season ticket, as the case may be, the committee will do the rest.

CERTIFICATES OF INDEBTEDNESS OFFERED

United States Treasury Certificates of Indebtedness of a new issue have been announced by E. W. Wilson, director of sales for the Twelfth Federal Reserve District and the allotment to the states of California, Washington, Oregon, Idaho, Utah, Arizona and Nevada is \$52,000,000. The total issue is \$750,000,000 and is the second in preparation for the Fourth Liberty Loan.

Subscriptions closed July 2 for the first issue of certificates dated June 25 and maturing October 24 with total sales in this district of \$48,000,000 as compared to a quota of \$53,000,000. Director Wilson believes that the second issue will be taken rapidly because the public is now better acquainted with the value of these certificates as an investment.

Certificates of indebtedness of the present issue are offered at par and accrued interest; are dated July 9 with maturity date Nov. 7; and bear interest at the rate of 4 1/2 per cent. The certificates will be paid at maturity in cash or may be exchanged for Liberty Bonds of the Fourth Issue.

"Treasurers of public moneys, sinking funds and trust funds should consider these certificates a splendid investment, the safety of which is without question," said Director Wilson. "Subscription should be made through banks which in turn file applications with the Federal Reserve Bank. The certificates come in denominations of \$500, \$1,000, \$5,000, \$10,000 and \$100,000."

The quotas and subscriptions of the states in this district for the last issue of certificates of indebtedness follow:

	Quota	Subscription
Hawaii	\$ 910,000	\$ 330,000
Alaska	172,000	10,000
Arizona	826,000	409,000
California	33,774,000	25,635,000
Idaho	1,995,000	1,440,000
Nevada	651,000	382,000
Oregon	4,662,000	5,620,500
Utah	2,600,000	1,665,500
Washington	7,410,000	7,938,500
Individuals		4,569,500
Totals	\$53,000,000	\$48,000,000

MAKES IT SPINACH, PLEASE!
By Charles B. Driscoll
No steak today? That's a bit unkind!
And sugar is getting rare?
This sort of brings to a fellow's mind
That there must be a war somewhere!
And so it seems there's a million men
Gone over to fight for me,
And some will never come back again
To the land of the brave and free.
While they lie in the land of the awful dead,
Where the starshells quiver above
And shrapnel bursts just overhead,
Far from the land they love;

They want me to have all I need to eat.

But ask that I help them fight
By saving sugar and flour and meat
While there's other good food in sight.

Well, if they can die without ever a whine,

Or fight till their brave hearts break,

I guess I can think of them when I dine;

Don't bother about the steak!

And you are not even asked to give
—only lend—

BUY THRIFT STAMPS.

Warns You In Plenty of Time

Far ahead of you goes the intensely bright road-beam of the McKee Standard Lens. Every obstruction, every irregularity, every danger-point in the full width of the road is shown up clearly. At 300 feet you can read a newspaper held at your knees. At 600 feet the light still searches the road.

The McKee is legal—no blinding light goes above the 42-inch dead-line. All the light goes through the crystal-clear glass down to the road and out to the sides—where you need it. Why risk your life with makeshift devices that must weaken the light in order to comply with the law? Use the safe McKee.

If your dealer cannot supply you, send price, size of lens, model of car direct to us.

10 1/2" to 11 1/2" inclusive, per pair, 4.25

from the Massachusetts Agricultural College, at a luncheon in that city. All ate the new dishes and pronounced them excellent.

The menu included cream of cottage cheese soup, cottage-cheese sausage with creamed potatoes, cottage-cheese salad, cottage-cheese tarts, whey honey and whey punch, in addition to mints and coffee. These dishes, and many others having this cheese as a basis, are described in a circular recently published by the department, "Cottage Cheese Dishes."

URGES STRICT CONSERVATION OF ELECTRIC POWER

A strict conservation of electric power as a means of avoiding the issuance of a priority list as to essential and less essential industries, is urged by H. G. Butler, California power administrator, recently appointed by the state railroad commission. "The power situation in northern California is critical because of the shortage of water at the hydro-electric plants," declares the "Southwest Builder and Contractor." "A voluntary agreement has been made by the power companies to pool their power and to permit the commission to direct the distribution of power in order that none of the essential war industries may suffer. In urging consumers to assist in the conservation of power, Commissioner Butler says:

"It is good business at all times to use as little power as possible. It is patriotism to do so now, as war industries must be protected against any hindrance to full operation. A considerable voluntary reduction in the consumption of electric energy made at this time will certainly reduce the extent to which priorities may be applied. It may make a priority list unnecessary in the future, and assuredly will postpone the evil day in any event."

ANNOUNCEMENT

The Glendale Sanitarium take pleasure in announcing that their dining room is now conducted on the European plan and is open to the public, especially to those who appreciate a good, clean, wholesome, vegetarian diet at very moderate prices.

OBJECTORS DECIDE TO FIGHT

Conscientious objection to military service may be brushed aside by friendly argument and reason the War Department learns through reports from Maj. Richard C. Stoddard, Judge Julian W. Mack, Chicago, and Dean Harlan F. Stone, Columbia University Law School, a board designed by Secretary of War Baker to confer personally with such

objectors at the training camps.

At Camp Gordon, Atlanta, there was an unusually large number of men segregated as objectors. Kindly logic used by the special board resulted in 72 of the number accepting noncombatant service, and 12 withdrew objection or announced they had misunderstood the original questions.

The board accepted as sincere the convictions of 23 members of reli-

gious denominations opposed to any form of military service and recommended them for furlough at a private's pay. There was doubt in four cases and the board recommended the men be sent to Fort Leavenworth for further examination.

Fifty-four men failed to convince the board of their inability to take up military service without violation of their consciences and must accept service specified for them by the com-

manding officer or stand court-martial. Eight claimed to be citizens of enemy countries but had no way of substantiating their claims and it was held should not be so classed. The board failed to examine four others who were in hospital.

"My brother's seat in the stock exchange cost thousands of dollars." "Mercy! Did he buy it from one of those ticket speculators?"—Ex.

PROFITEERING UNAFFECTED BY PRICE FIXING**FOOD ADMINISTRATOR TELLS SENATE FINANCE COMMITTEE HEAVY PROFIT TAX IS ONLY SOLUTION**

(Special Service to Glendale Evening News)

WASHINGTON, July 10.—Government price fixing will not eliminate profiteering, Food Administrator Hoover told Chairman Simmons of the Senate Finance Committee in a letter today. A heavy profit tax is the only means of doing away with this evil, Hoover said. He declared, however, that price fixing will continue owing to a shortage of nearly all commodities. Hoover's letter was sent in response to a request from Simmons and is to be used as a guide in framing a new tax measure.

FRENCH TAKE PRISONERS

(Special Service to Glendale Evening News)

PARIS, July 10.—Artillery activity north of Montdidier and south of the Aisne are reported. French raids took prisoners in the Champaign region. Seven enemy aeroplanes and two balloons were downed.

MEDICAL DEPARTMENT TO PROVIDE FRESH WATER

The American soldier in France gets pure drinking water from mobile water trains. The trains are under the jurisdiction of the Army Medical Department. They are miniature water works, which chemically treat, filter, and sterilize water, making it fit for consumption. What municipal water works do to insure healthful water to the people of a city these trains do for the soldiers.

A number of purification units with attached motor-tank trucks constitute a train. Each unit is a complete filtration plant including laboratory. Arriving at a stream it sets hose into the water and pumps the water through a pressure tank. Before the water passes through a sand filter it is treated chemically to rid it of disease germs. The pure water is pumped into tanks mounted on trucks, which carry the water to the soldiers.

Each mobile water unit carries an expert chemist, bacteriologist, and pump man. There is a complete laboratory in the front of the machine for the testing of the water. Tests are made every two hours or more often when it is thought necessary. The water is lifted into the filter by a gasoline pump engine, and a complete supply of extra pipes and tools are carried so that all repairs, either from accident or shell fire, can be made on the spot. The trucks are equipped with electric lights so that the work can be carried on at night. Many of the chemists and bacteriologists assigned to the mobile laboratories were formerly connected with municipal water works and filtration plants.

TO THE WOMEN OF AMERICA

An authoritative statement from official Washington again impresses upon the women of America the fact that "they have never been called upon before to bear so great a burden as the coming months will impose upon their courage and their constancy."

It is interesting to note that though women's part in all the war activities is emphasized, first place is given to the matter of food production and food conservation and women's share in it. The message reads in part: "The women of America must see to it that the nation's producing power is not enfeebled by the draft made upon it to strengthen the fighting power.

"They must produce food by working gardens, by raising chickens, by doing farm service where they can or by helping and encouraging those who do it. They must aid in the kitchen, conserving food by wise economics, canning, drying, preserving, pickling and preparing food in accordance with the Food Administration's program. They must purchase where they see the Food Administration's emblem, watch their local dealers, buy local produce in preference to shipped goods and resist the temptation to hoard.

"America is today rationing the world. Without our food supplies the Allies could not fight for us. They are suffering privations. The food that we save for them is not a saving of money. It is a saving of life. It is worth more than its weight in gold."

Nearly 2,000,000 girls and boys have volunteered for the United States Garden Army in the Department of the Interior. Their service flag bears a crossed rake and hoe with the letters U. S. S. G. in blue on a field of white with a red border. The enlistment entails a pledge on the part of the child to use efforts to increase food production by cultivating one or more crops under a garden supervisor or teacher chosen for this work and to make such reports as may be required.

Uncle Sam's training camp theaters will do a \$3,500,000 business in the first year of operation under the Commission on Training Camp Activities if the people back home will provide the soldiers with their tickets by sending them Smileage Books, says the Smileage Division of the commission. Smileage coupons to the amount of \$355,000 have been redeemed to date.

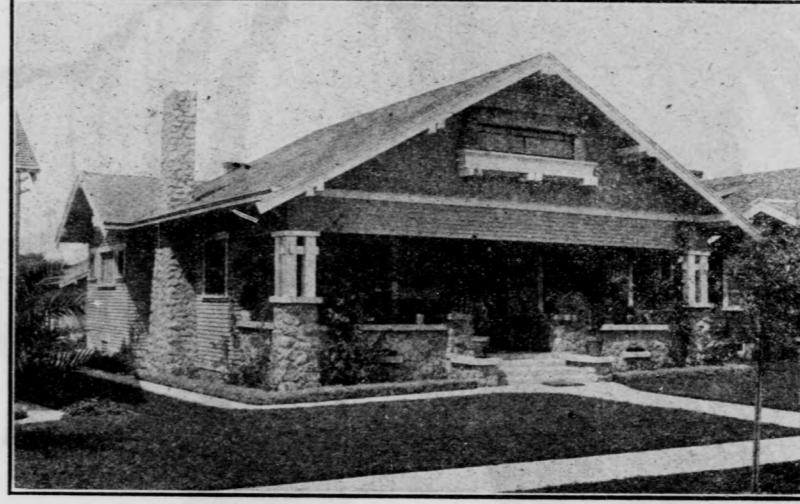

Every hour is valuable in farm work this year, warns the Department of Agriculture. Avoid delays in thrashing. Every hour a thrashing machine is kept idle because of breakage or bad adjustment means time lost in the work of getting food for the soldiers fighting to preserve American principles and America.

The Department of Labor reports adjustment of 39 industrial disputes during a recent week. This is a record. Eleven strikes and two threatened strikes were adjusted. Included in the strikes settled was that of machinists at the Curtiss Aeroplane Co. plant, Buffalo, where 300 men quit and 15,000 were affected indirectly.

Secretary Baker has decided that our soldiers in France may vote, but the state must provide the means. And yet after all the American soldier in France is rather too preoccupied to take much interest in elections at home.

Uncle Sam hasn't as yet placed brewery workers in the same bed with bartenders. But the signs are good.

BE AN AMERICAN ---OWN A HOME

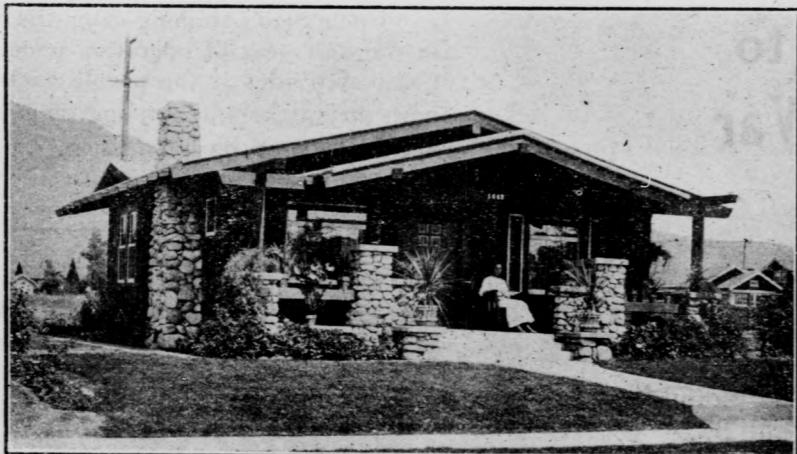

The fundamental principle of the American Spirit is Home-Ownership.

This spirit should dominate every household.

A Home should be the possession or ambition of every American family.

Home building is the best evidence of Thrift and Energy and is the permanent badge of good citizenship.

BE AN AMERICAN---OWN YOUR HOME

The subject of owning a home is open for discussion in the Evening News. The question is an important one and the discussion will be participated in by many of Glendale's worthy citizens.
